

## Greenfield Primary School Sports Premium Report 2020 - 2021

The government provides additional funding to improve the provision of physical education (PE) and sport in primary schools. This funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport and is allocated directly to primary schools to achieve the DfE's vision for Primary PE and Sport Premium that:

*All pupils leaving primary school will be physically literate and have the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport. The funding is ring-fenced and therefore can only be spent on the provision of PE and sport in schools.*

The funding has been provided to ensure impact against the following objective: To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasize that the focus of spending must lead to long lasting impact against the vision that will live on well beyond the Primary PE and Sport Premium funding. It is expected that schools will see an improvement against the following 5 key indicators:

1. The engagement of all pupils in regular physical activity – *the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school*
2. *The profile of PE and sport is raised across the school as a tool for whole school improvement*
3. *Increased confidence, knowledge and skills of all staff in teaching PE and sport*
4. *Broader experience of a range of sports and activities offered to all pupils*
5. *Increased participation in competitive sport*

Funding for schools will be calculated by reference to the number of primary-aged pupils in years 1-6 as recorded in the annual schools' census in January 2020.

In 2020-21 the DfE doubled the funding, schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. Schools must spend the additional funding on improving their provision of PE and sport, but they will have freedom to choose how they do this.

We believe that quality PE and school sport impacts on the whole school. We aim for our PE and school sport provision so that our pupils can develop and demonstrate the following personal qualities to their full potential:

- A strong desire to learn and make progress
- High levels of dedication, attendance and involvement in the school
- High levels of commitment and attainment
- Positive behaviour such as politeness, respect and helpfulness
- High levels of enthusiasm and fulfilment
- A strong desire to get involved, which derives from a sense of belonging and inclusion
- An understanding and appreciation of benefits of taking part in physical activity and maintaining a healthy lifestyle

#### **PE Physical:**

- Contribute to the physical, academic, social, cultural and emotional development of our pupils – it develops the whole child
- Improves health and well-being
- Promotes positive attitudes
- Benefits all young people whilst also giving those pupils with greatest opportunities to achieve the highest standards

#### **PE Academic:**

- Opportunities for pupils to be creative
- Helps improve concentration
- Develops commitment and self-discipline and encourages pupils to think in different ways in creative and competitive activities

#### **PE Social:**

- Allows pupils to learn to work and socialise with different children
- Improves ability to communicate, allows individual pupils to meet challenges as an individual, in groups and in teams
- Allows leadership potential to develop, introduces activities that the children may enjoy in the future, improves behaviour

#### **PE Cultural:**

- Introduces our pupils to the rich cultural heritage of sport, exercise and dance, allows pupils to learn to work with, learn about and socialise with all races and cultures

**PE Emotional:**

- Develops confidence, provides opportunities to be competitive and to face different challenges
- Enhances self-esteem and affects how young people feel ( I can't becomes I can)

**PE Moral:**

- Teaches the right principles (distinguishing right from wrong)
- Promotes fair and honest behaviour
- Promotes behaviour based on ethical values, principles and rules

**PE Spiritual:**

- Supports the formation of pupils as people with feelings, ideas, intuitions, emotions, opinions and beliefs
- Fosters lively, enquiring and reflective spirits in pupils

Unfortunately, due to Covid-19, our spring and summer term competitions were not completed and many of our planned curriculum events were cancelled. We continued to deliver suggested sporting activities as part of our remote learning with families and our Facebook page shows enthusiastic participation in exercise. All of our key worker children in school participated in at least one sporting activity each day at school.
