**GREENFIELD PRE-SCHOOL  
SETTLING IN AND KEY WORKER  
POLICY**

# **Greenfield Pre-School**

## **Settling in and Key Worker Policy**

At Greenfield Pre-School we want children to feel safe and happy within our setting as well as feel secure and comfortable with staff. We also want you as parents to have confidence in both your child's wellbeing and your role as an active partner within our setting. At Greenfield Pre-School we aim to be flexible with our daily routine and as far as possible cater to individual needs.

### **Our Aims:**

- To make the setting a welcoming space for your child
- To create a secure relationship for your child within our setting
- To make the setting a place where your child can settle in quickly and comfortably

### **Our Methods:**

Before you register your child, we will provide you with the opportunity to visit the nursery with your child and meet our Early Years teacher and the team. We will allocate a keyworker to your child who will welcome and look after them during their first sessions and continue providing them with support throughout the settling in process.

The parent pack explains the settling in process, which will be given to the parent/carer before starting nursery. When your child begins their first session with us, we will explain the process of settling in again with you as parents and jointly decide on the best way to help your child settle into the nursery.

Younger children might take longer to settle, as will children who have not previously spent time away from home. Children who have had a period of absence for whatever reason may need to be re-settled.

We consider a child to be settled when they have formed a relationship with their keyworker. Each child should also be familiar with where things are in their room and be happy to participate in activities.

When you leave your child, we ask that you say goodbye, fully explain to them that you will be coming back later, and let them know when you'll be back. (Such as saying, 'Mummy will be back after you eat lunch').

### **Keyworkers**

At Greenfield Pre-School we operate a keyworker system. The keyworker is responsible for working with a small group of children providing the reassurance needed for each child to feel safe and cared for as well as building a relationship with parents/carers. The keyworker will help the child to become familiar with the setting and feel safe within it. They will also

talk to parents/carers to make sure the needs of the child are being met appropriately, and the records of development and progress are shared with parent/carers and other professionals as necessary.

### **Named carer**

Once your child begins nursery, a keyworker will be allocated to him/her, this person will be the named carer throughout the pre-school day and the first point of contact for parents. The keyworker will record information regarding your child's learning and next steps of learning, as well as specific information such as medication instructions.

Changes in routine at home can affect your child's wellbeing so it is important that the keyworker forms not only a strong bond with the child but also with the child's family so that the sharing of information between the two can be done successfully, leading to the best possible outcomes for your child.

Our keyworker system provides:

- Assistance with the settling in process
- Building an attachment and getting to know your child
- Building a strong relationship with parents and families
- A key person time, in small groups or one to one time every day
- Close monitoring of your child's progress in all areas of development
- Knowledge of each child's needs when planning activities and curriculum

A child's keyworker:

- Will provide parents with information regarding the routines, daily timetables, and activities in the room
- Will assist both parent and child during the settling in period
- Will support the child in becoming familiar with the daily routine and the layout of the nursery
- Will be aware of circumstances at home that may affect changes in a child's behaviour from time to time.
- Will carry out observations on children in their groups and devise plans for future activities taking into account children's needs and interests.
- Will send an up-date on the EyLog to communicate information about the child.
- Will take care of your child's personal needs i.e. nappy changing, toileting, whenever possible.

### **Settling in process**

At Greenfield Pre-School we use the following process to settle the children into pre-school, which usually follows this format:

**First session**

This will be a one hour session (\*timing is subject to change depending on the child's needs). We ask the child's parent/carer to drop them off at the door of the pre-school whereupon the keyworker will greet them both and take the child over to his/her room.

We ask that you explain to the child before coming to pre-school the process of being dropped off. For example - 'Today Daddy is going to leave you at pre-school to play with Rachel, I'm going to take you to the door then say goodbye and then I'll come back and find out what exciting things you have been doing'.

**Second session**

This will be a two hour session (\*timing is subject to change depending on the child's needs). After this session, we will discuss with you whether further settling in sessions will be required.

Some children may take longer to settle and become very upset upon parting from their parent/carer, if this is the case with your child we ask that the child is still left with us so that he/she has an opportunity to form a bond with their keyworker and eventually fully settle.
